10 Jan 2025

To Whom It May Concern,

I am pleased to recommend CALVIN JEE MENG YAU for any role or opportunity that would utilize his exceptional skills and passion for AI and machine learning. Over the course of his internship at GAMER2GAMER SDN BHD, CALVIN JEE MENG YAU proved to be a quick learner and delivered quality works.

During the time at our organization, CALVIN JEE MENG YAU was responsible for:

1. Developing the RFI (Request for Information) Generator project, including enhancing the frontend interface and optimizing the application's performance on GCP App Engine.

2. Training moiré detection models (versions 3.9 through 6.1) to detect in-screen documents, including data collection, preprocessing, and model tuning to achieve higher accuracy.

3. Training fake face detection models (versions 7.0 through 8.0) for identifying AI-generated faces and setting up the VM infrastructure on GCP.

4. Training face swap detection models (versions 0.1 through 0.9) to identify manipulated facial images, including data collection from multiple sources and data augmentation.

5. Conducting API testing, performing monthly eKYC manual reviews, and managing extensive datasets using AWS S3, including data segmentation and version control through DVC.

I highly recommend CALVIN JEE MENG YAU for any future endeavors, and I am confident he will be a valuable asset to your organization. If you have any further questions or would like additional information about their performance, feel free to reach out to me at weichen@g2g.com.

Thank you for your time and consideration.

Sincerely,

Yeoh Wei Chen
Group CTO
GAMER2GAMER SDN BHD

Gamer2Gamer Sdn. Bhd. 201301021872 (1051802-M)
